

Seven Bridges Art Gala

Welcome to the Sixth Annual Seven Bridges Art Gala!

Today you will have the opportunity to see select examples of artwork that Seven Bridges students have produced in their visual arts classes.

These works reflect a year full of creativity as students express themselves and explore the limits of their imagination.

These works also depict a year full of concrete problem solving as students practice critical thinking skills, cooperative group work, critical analysis and the development of media specific skills.

Of course, this wonderful exhibition of student artwork is only possible due to the continued support of the Chappaqua community and their commitment to providing a quality arts education for their children.

Enjoy the show!
